

STARLET

THE CAR IN FRONT IS A  **TOYOTA**

the **NEW** Starlet

The smaller car has grown in status. The Toyota Starlet has always enjoyed a loyal following - due to its special combination of modest running costs and brisk performance. Now, the introduction of new models like the Starlet SR and extra-value features has raised the Starlet into a class of its very own.

Whatever model you favour, you will enjoy all the liveliness of a 16 valve 1.3 litre engine with electronic fuel injection. Bringing the confidence of acceleration from 0-60mph in 11.9 seconds (manual). Whilst still retaining a potential for fuel economy that approaches 56mpg.

There are now four quite outstanding choices. All models offer you improved ride comfort, superior interior trim, new colour options and upgraded In Car Entertainment.

For even greater safety, there's a full size driver's airbag. And both the body cell and rear seat back have been strengthened for greater personal protection of passengers and driver.

Of course, the reliability of Toyota engineering and a 3 year/60,000 mile warranty continue to provide reassurance and low cost of ownership.

A highly practical car by any yardstick. But one that demonstrates perfectly that refined comfort and responsive handling on the road are not the preserve of large limousines alone.

The Toyota Starlet - everything you want from a car. And so much more besides.

Choice of 3 Door & 5 Door

Manual & automatic transmission

3 year/60,000 mile warranty

1.3 litre 16 valve engine

Driver's airbag

Twin side impact beams

Front seatbelt pre-tensioners

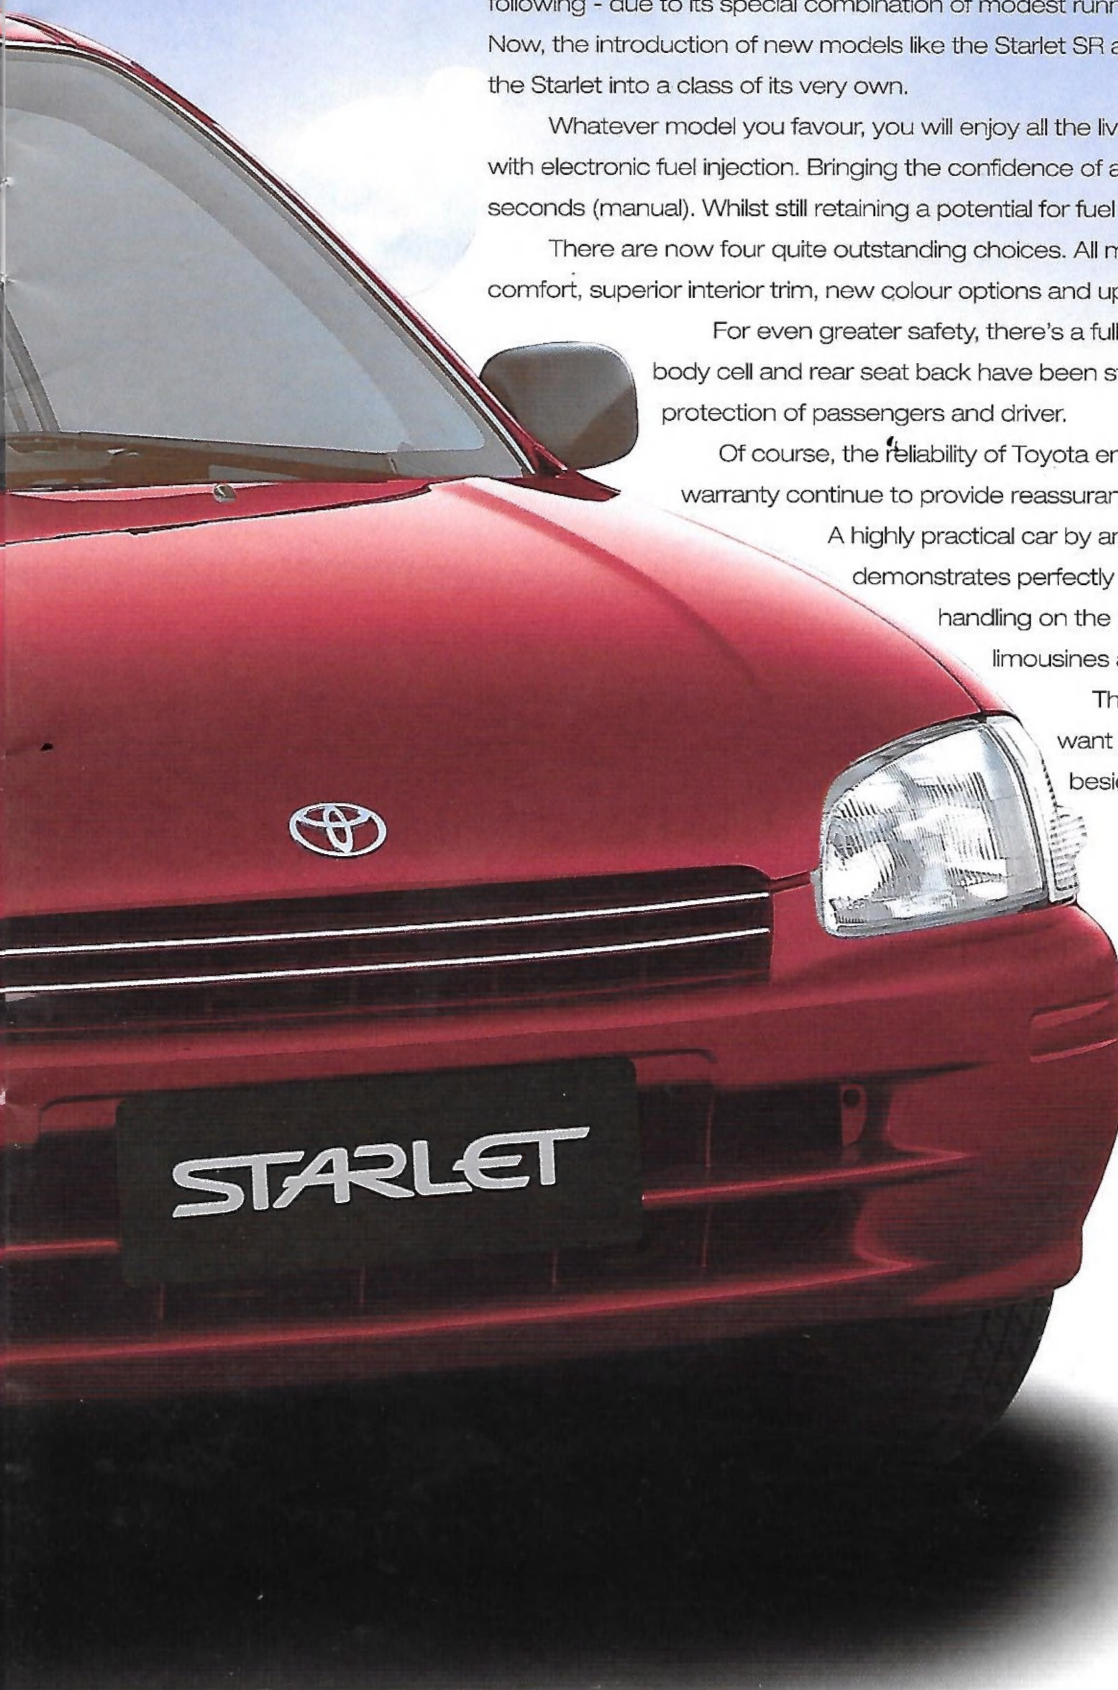

High mounted rear stop lamp

Collapsible steering column

Engine immobiliser

Colour keyed bumpers

Head lamp levelling

Starlet 1.3i

The entry level Starlet certainly doesn't mean back to basics. It's very generously appointed indeed. And it shares the same chic styling of all other models in this exciting range.

The gleaming bodywork, unique wheel trims and colour keyed bumpers never fail to

impress. Simultaneously, welcome touches like tinted glass, high mounted stop lamp and internally adjustable external mirrors all hint at a price level much higher than reality.

The three door manual Starlet 1.3i also features large windows all round. The unimpeded view makes manoeuvring in confined spaces a far simpler and safer experience. And adds further visual appeal to a car whose styling owes little to the past and so much to the future.

Every driver need and comfort has been anticipated. And catered for brilliantly. Like audible warning for 'lights on', automatic fog lamp cancellation and remote releases for boot and fuel flaps.

Nothing dissolves the strain of road travel quite like the 1.3i. Step inside and enter a stress-free driving zone.

STANDARD SAFETY

Driver's airbag

Twin side impact beams

Front seatbelt pre-tensioners & force limiters

High mounted rear stop lamp

Collapsible steering column

Auto-cancel rear fog lamp

FEATURES

1.3 litre 16 valve engine

Internally adjustable exterior mirrors

Stereo radio/cassette

Engine immobiliser

Remote boot & fuel flap release

Colour keyed bumpers

Electric headlamp levelling

60/40 split rear seats

Rear wiper/de-fogger

Tinted glass

Starlet S

Smaller cars and longer journeys can go together hand in hand. Particularly if you're at the wheel of the new Starlet S. Power steering is now standard. So no matter how many turns your journey takes, it takes a lot less out of you.

You've a choice of 3 or 5 door manual models. And for even more effortless driving, a 3 door automatic. Whichever you prefer, you'll find the ride comfort and roadholding far superior.

Whilst the interior has been made even more inviting with new blue pattern cloth trim and plain colour bolsters. In attention to detail, the designers have certainly surpassed expectations.

Safety receives equal attention. With a generous package of advanced features to maintain confidence whatever driving conditions you encounter.

Town centres, suburban avenues and motorways. You'll take them all comfortably in your stride in a Starlet S.

STANDARD SAFETY

- Driver's airbag
- Twin side impact beams
- Front seatbelt pre-tensioners & force limiters
- High mounted rear stop lamp
- Collapsible steering column
- Auto-cancel rear fog lamp

FEATURES

- 1.3 litre 16 valve engine
- Internally adjustable exterior mirrors
- Stereo radio/cassette with detachable front panel
- Power steering
- Engine immobiliser
- Colour keyed bumpers
- Electric head lamp levelling
- Remote boot & fuel flap release
- 60/40 split rear seats
- Rear wiper/de-fogger
- Tinted glass

RESTAURANT

Starlet SR

Perhaps you're looking for even more excitement and performance-related features? There's more than a sporting chance you'll find the new SR model a profoundly moving experience.

The first things to catch your eye will be the distinguishing decals, rear spoiler, alloy 'Speedline' wheels and low profile tyres. For cool good looks, the SR easily leaves the competition standing.

On the road, you'll soon appreciate the sports tuned suspension.

However hard you put this car through its paces, it responds perfectly on cue each and every time. Meanwhile, the special sports silencer adds a rortier exhaust note and a distinctive look to the SR's rear.

This generously equipped Starlet also sports electric powered front windows, power door locks and tachometer.

You may buy the SR for the terrific value. But you drive it strictly for the thrill.

STANDARD SAFETY

Driver's airbag

Twin side impact beams

Front seatbelt pre-tensioners & force limiters

High mounted rear stop lamp

Collapsible steering column

Auto-cancel rear fog lamp

FEATURES

1.3 litre 16 valve engine

4 speaker CD/Tuner

Power steering

Electric front windows

Sports silencer

Tachometer

Unique decals

Sports tuned suspension

Engine immobiliser

Colour keyed bumpers and rear spoiler

Electric head lamp levelling

Remote boot & fuel flap release

60/40 split rear seats

Rear wiper/de-fogger

Starlet GLS

Luxury is a well-employed word in the automotive dictionary. You'll discover its true meaning in the Starlet GLS.

Rarely have so many comforts been seen together in a smaller car. Rear headrests, driver seat height adjustment and highest quality suede-feel velour seat trim. But be warned - once enjoyed, you'll expect them in every car you ever drive from then on.

Attention to power isn't only demonstrated in the spritely 16-valve engine. There are power door locks, power front windows and a power tilt-and-slide glass sunroof too.

Sit in the well upholstered comfort of the driver's seat. It's easy to imagine you're really at the wheel of a much larger and more expensive executive saloon. The GLS is equipped with tachometer, driver and passenger map lights and top-flight CD compatible RDS radio /cassette.

You don't have to think big to enjoy luxury on a grand scale. Simply test drive the more affordable Starlet GLS.

STANDARD SAFETY

Driver's airbag

Twin side impact beams

Front seatbelt pre-tensioners & force limiters

High mounted rear stop lamp

Collapsible steering column

Auto-cancel rear fog lamp

FEATURES

1.3 litre 16 valve engine

4 speaker RDS radio/cassette

Electric front windows

Electric tilt/slide glass sunroof

Tachometer

Engine immobiliser

Colour keyed bumpers

Electric Head lamp levelling

Remote boot & fuel flap release

Centre floor console

Metal-effect centre cluster

Map lights

Power door locks

Interior & exterior chrome trim finishes

Front & rear headrests

Velour seat material

A Starlet doesn't only carry five people in complete comfort. It will comfortably carry their luggage too. The wide boot opening and lowered sill make loading even heavy cases easy and effortless.

You'll find the sumptuous upholstery ensures the longest drives are an untiring pleasure. And the generous use of materials to absorb sound and vibration make sure nothing intrudes on the tranquillity of the journey.

There's a tidy amount of stowage space too. Glove box, door pockets and console box help keep the Starlet's interior ordered and uncluttered.

You'll never tire of discovering thoughtful new design points inside a Starlet. Despite its modest price, you'll feel comfortably well off.

Starlet comfort

The Starlet can carry 5 adults plus luggage, and the 60/40 split rear seats can be folded forwards to accommodate bulky loads.

The body incorporates an abundance of sound and vibration absorbing materials for a quieter, smoother ride.

A superb 2 speaker stereo radio/cassette is standard on the 1.3i & S models. SR models have an integral CD/Tuner and 4 speakers while the GLS has a CD-compatible RDS radio/cassette with 4 speakers.

The upholstery provides excellent support and each Starlet model has its own distinctive trim finish.

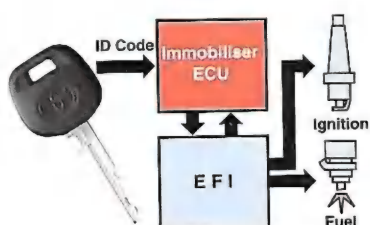

All Starlet models are fitted with a driver's airbag and front seatbelt pre-tensioners with force limiters plus twin side impact beams and special crumple zones to absorb energy in a collision.

The dashboard has been ergonomically designed with clear, easy-to-read instruments and switches within easy reach.

More complete combustion and an improved air/fuel ratio means that the Starlet easily satisfies all EC exhaust emissions standards.

The immobiliser system works on the transponder principle where the vehicle will only start if the ID code transmitted by a microchip in the key matches the code pre-registered in the immobiliser ECU.

It's hard to think of a car that packs more advanced features into a smaller space. And the process is continuous. The dashboard has been cleverly designed to make all instruments immediately visible. No distracting head movements are required to check fuel and temperature gauges. And all switches and controls come readily to hand.

Every Starlet model continues to deliver lively performance without guzzling precious fuel. Each cylinder has four (not two) valves for peak efficiency. And to ensure your car keeps its youthful good looks year after year, the paintwork is specially chip-resistant.

You'll feel more in control of your driving, your safety and your motoring costs with a Starlet.

Starlet control & safety

Right from its inception, almost half the Starlet's body shell has consisted of high tensile steel for extra safety. Now we've strengthened the body cell further and reinforced the rear seat back. We're constantly looking for improvements where your protection is concerned.

Seatbelt pre-tensioners are standard on both front seats - now with force limiters to safeguard vital chest areas. And there's also a full driver's airbag. Your safety is well under control in a Starlet.

* Manufacturer's figures. ** Official figures. * With braked trailer.

^o These figures show the fuel consumption obtained during officially approved tests designed to simulate various driving conditions. The new fuel consumption tests are carried out in accordance with Directive 93/116/EEC.

All petrol engined vehicles are equipped with a 3 way catalytic converter.

The results given in the list above do not express or imply any guarantees of fuel

consumption of a particular vehicle. Cars are not tested individually and there are inevitable differences between vehicles of the same model. In addition, your car may incorporate particular modifications. Furthermore, the driver's style and road traffic conditions, as well as the age and mileage of the car and the maintenance history, will all affect fuel consumption.

The car in front

Whatever the comparison, a Toyota is truly the car in front. Ahead for reliability, for performance, for fuel economy and above all for driver satisfaction. And these are just a few of the reasons - as the many independent surveys of Toyota owners around the world prove conclusively.

Build quality is beyond question. Clearly reflected in the free 3 year/60,000 mile mechanical, paintwork and surface rust warranties and 6 year anti-corrosion perforation warranty.

You're also buying unparalleled peace of mind. Not least of all because a Toyota represents a far better investment for your money.

What's more, a Toyota also represents the safest place for you and your family - thanks to a wealth of advanced and innovative safety features.

These attributes have helped us emerge as the world's third biggest car manufacturer. Not only for plain, straightforward practicality. But for pure driving pleasure that is the endorsement of every Toyota, from the superlative sporty Celica right through to the exceptional Avensis.

So ask your dealer for more detailed information on any model in the Toyota range - they will be absolutely delighted to arrange a test drive at your convenience.

Then you'll discover for yourself why the car in front is a Toyota.

Customer Services

Everyone purchasing a new Toyota automatically becomes a member of Club Toyota for a period of 12 months from vehicle registration date and is therefore entitled to all the benefits the Club can offer. This free package provides you with 1 year's full roadside assistance cover, including a two day car hire replacement providing you call the RAC to the incident, and many other motoring benefits from Toyota which are exclusive to Club members. Club Toyota provides a discount travel service and a wide range of cultural and leisure activities for its members to take advantage of.

Please call 0800 252806 for further details.

Toyota Terms is the flexible way to drive your new Toyota. It can provide:-

- The option of a new car every 2 years
- A higher specification car
- Service and maintenance included (optional)
- The future value of your car guaranteed
- Freedom to choose from 3 great alternatives at the end of your agreement

For full details, contact your local Toyota Dealer or TGB Finance Ltd at:

The Quadrangle, Redhill, Surrey RH1 1PX.

Toyota Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Dealer.

When you register your new Toyota, you can extend your Free 3 Year/60,000 mile warranty up to 6 Year/120,000 mile cover, to give outstanding protection against failure of virtually any mechanical component. What's more, you'll enjoy several additional benefits over and above the comprehensive protection afforded by the standard 3 year warranty. These include:

- Contributions towards Car Hire
- Hotel Expenses
- Continental Cover
- Transfer of the Extended Warranty to a new owner
- M.O.T. test insurance

**EXTENDED
NEW VEHICLE
WARRANTY**

In the event of an emergency Toyota offers free of charge to Toyota owners a comprehensive management service which includes advice, assistance and practical help. Please contact your local Toyota Dealer for further details.

The Toyota Visa Card is offered with a choice of Standard or Gold Card options (subject to status). The card is available to Toyota owners, their families and friends and is administered by MBNA International Bank Limited, whose parent company already handles over 12 million cardholders in the United States. Call free on 0800 776262 or contact your local dealer for further details.

Toyota offers a Motability Scheme.

Customers in receipt of the Higher Rate Mobility Component of the Disability Living Allowance or War Pensioners' Mobility Supplement may be eligible to preferential terms through the Motability scheme. Please contact the Motability Specialist at your local Toyota Dealer for details.

Toyota Contract Hire gives every business the complete choice of any vehicle in the Toyota range at no capital cost.

- Contracts designed to meet your vehicle fleet requirements
- You can choose from 24 or 36 fixed monthly payments which include substantial tax and VAT concessions
- Toyota Contract Hire can take care of servicing, maintenance and repair
- Club Toyota Membership is included throughout the term of a maintained contract

Toyota Approved Used Car Scheme. Please contact your local Toyota Dealer for details.
